Tom Scheiderer has no updates, nothing going on. Jack asked about the clutter and junk around the township. Tom offered to take a look at the properties and send letters to encourage residence to clean up. Jack is going to offer to help offer time and equipment to help clean up Mr. Orhood property. Jim King requested that we look into a property in town that a tree fell on. Possible health department issue.

Tom Scheiderer gave comparison fees in requesting an increase in pay and permit fees.

Trudy Burnside wanted to thank Jack and Rod for mowing the township ditches.

Joni presented ARP (Covid money) issue and needing to pass a resolution for July's meeting. Still waiting on access to log in. Steve asked if we could reimburse for the playground ship at the community building. Joni recommended to adding Pickleball court to current tennis court, or adding a bicycle repair rack like the city of Marysville offers at their parks.

Jim King recommended a standby generator in the township community building. Jack agreed that would be a great idea.

Jack is planning to attend the Engineer annual meeting for roads. Waiting on notice for meeting date.

New mower is coming.
